

earbuffs.com

earbuffs™ Customizable hearing protection that can be color blended to match the wearer's skin tone. Designed for the Performing Arts, On-Camera Talent/Stunts and the discreet wearer. Follow the printed instructions. Make sure your hands are clean before using earplugs. **earbuffs™** earplugs are designed to cover the ear opening only. **DO NOT FORCE OR INSERT EARPLUG INTO THE EAR CANAL. DO NOT ELONGATE EARPLUG. DO NOT MAKE EARPLUG SMALLER.**

Instructions For Use:

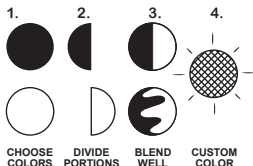

TO REMOVE: Remove earplugs by pressing forward behind the ear and pulling down on the earlobe. Repeat these steps until the entire earplug can be pulled away from the ear opening. Do not break the earplug apart while removing. Discard after use OR if earplug comes in contact with dirt, lubricants, solvents, chemicals, adhesives or foreign materials.

WARNING: If the earplug has been pushed into the ear canal, contrary to the printed instructions, **DO NOT** try to remove the earplug or remaining earplug parts with a cotton swab, toothpick, tweezer or any other implement. You could push the earplug in farther causing more damage and discomfort. Contact an Ear, Nose and Throat Doctor Only as they have the correct implements for proper removal.

CAUTION: Keep **earbuffs™** earplugs away from infants and children unless supervised by an adult. If swallowed, the non-toxic material will pass through the digestive system normally. Earplugs can become a choking hazard which could interfere with breathing resulting in injury or death. Do not use if wearer is allergic to silicone. Do not use for Scuba Diving. Protect from extreme heat and direct sunlight. Keep lid closed when not in use.

READ BEFORE COLOR BLENDING: Use any **earbuffs™** Skin Tone Variety color as-is or blend portions together to create the desired shade. When color blending **DO NOT** MAKE FINAL CUSTOM COLOR EARPLUG SMALLER than the original packaged size of 18mm. Sizing guide included on insert card. Blends best within 6 months after opening.
